A MODERNIST

A modernist in government is a Bolshevik and anarchist; in science he is an evolutionist; in business he is a communist; in art he is a futurist; in music his name is Jazz; in religion the Modernist (the simon pure, genuine Modernist—perhaps not the little fellow who is trying to ape the real Modernist in order to appear smart and intellectual) is atheistic, anti-God, anti-Christ, anti-church. He denies the personality of God, the deity of Christ, the inspiration of the Scriptures, the immortality of the soul and the existence of heaven and hell. --Dodd, in "The Methodist".

BUILDING FOR GOD IN THIS GENERATION

"By faith, Noah being warned of things not seen as yet, prepared an ark of those early civilizations was to the saving of his house; by building. That characterizes which he condemned the world and our generation also. Like Noah's became heir of the righteousness day there was building for God, which is by faith". (Heb.11:7) the soul, and safety; and also it is evident that there were building for the body, pleasure, two kinds of building going on and woe—likewise, is it true of in Noah's day: the building of our day. A strong characteristic the ark and the building of tic or our times has been that houses such as were made in the of building houses and other Cainitic civilization (Gen.4:7) structures of immense size. In Matt. 24 and Luke 17 our Lord in order now to bring the compares the time of His coming, discussion closer home, let us which we believe will occur in compare the building of Bryan in our generation, to that time of this generation to the building.

night that it was a Modol "T" touring car!"

Chuck: "Enclosed you will find a gift for the building fund... made arrangements to attend State Teachers College, Lock Haven, Pa."

Corky: "I just received two 'Newsettes' this morning, and I think they are fine... a grand idea... certainly is encouraging about the building... and I know we'll be up on the hill before long."

Wonderly: "Wonderful time at Revelation Bible Conference at Stony Brook, L. I... I know the Lord led me there... Been at Keswick with John."

Mac: "Want to come back to Bryan (EDITOR'S NOTE — this remark beautifully illustrated by a sketch of what a college girl should look like)... am becoming well versed on how to argue... love to the Bryan family."

LOST & FOUND

Has anybody heard from Lulu? Bon's fountain pen must have hit a Kansas dust storm—at least it spurts no ink in this direction.

And Helen has gone back on us. Most of our local students must be out of town we never

CCC TO WORK ON BRYAN HILL

The first TVA*CCC soil erosion project in Rhea County will— through a "co-operative agreement for soil erosion control"—give us, free of charge, some much-needed erosion repair, missing, and after all those work on the gullied land on the promise of east slope of Bryan Hill.

Boys from the Sale Creek CCC Ariables and see if she can't camp, beginning on the project let the other fellow wait a day around September first, will complete it in two weeks. The seven acre plot of badly washed land...
OH YEAH!

Mr. Rudd says Kansas watermelons are the finest in the world.
Poor man! And he's just thirty miles from Georgia -- the State that supplies melons for the presidents.

SOCIAL SQUIRBS

Helen Limburg, of Kingston, Tenn., has been visiting in Dayton.

Dr. Burns leaves for St. Louis on Monday. After sticking a nail in his foot on Thursday, Aug. 15, he had been confined to his room several days before leaving.

Mr. John Thomas Johnson, of Jefferson City, Tenn., was the guest of the faculty at Cedar Hill over the week end. On Sunday morning he sang at the M.E. Church, South, and on Saturday and Sunday nights at the revival services at the Baptist Church.

Ralph left Friday morning for Pittsburgh, Pa.

Due to the Octagon’s being fumigated--such a delightful odor--last Saturday, Prof. and Mrs. Mac, Emily, and the Dean stayed at Cedar Hill several days.

Dr. Roger L. Clark, of Martin, Tenn., who is now holding a meeting at the Baptist Church, was a dinner guest at Cedar Hill Tuesday and at the Octagon Friday.

Emily attended a birthday dinner at the McPherson’s Sunday.

Believe it or not, Ed has taken up typing--"correct typing".

Ralph was a dinner guest at Cedar Hill Sunday.

Willie is carrying the "Journal now-a-days.

James returned Wednesday after visiting relatives in Bridgeport and Enid, Alabama, and in Chattanooga.

Emily dropped by to see Lula Mac in St. Cloud.

Ernest Toiver has been in bed all week following a car accident on Saturday.

Edgerton spoke at the Cincinnati German Methodist Church Sunday evening last. He is slated to speak at Wesley Chapel Sept. 3 and at his home church, Covington, to the young people on Sept. 1.

Mrs. Bertha Morgan left for Red Boiling Spring, Tenn., last Sunday to remain a week.

W. L. is preaching twice at Salem Baptist Church this Sunday.

Miss McAllister plans to go to Niantic, Conn., Boston, and Providence in the next few days.

Rebecca is putting her NEWSSETTES in a binding. Good idea, Becky!

When last heard from Ben was still in Topeka, visiting his sister. Like Florida "sand-in-your-shoes", does Kansas "dust-in-your-eyes" have an appeal, Ben?

The Office is boasting a New Census Atlas of the World" and a new 12" Royal Typewriter--Righto!
NEWSETTE finds her origin on Royal.

Rebecca had lunch with the Tolivers Thursday. My, my! When he's not here, she's there.

Birdie Bondurant, a graduate of Shorter College, Rome, Georgia says that if NEWSETTE is not copyrighted, she is going to suggest a similar paper to her Alma Mater. Who knows but what NEWSETTE will soon be quintuplets or better?

Miss Yaneey, Mona, Becky, and Ruby entertained Zip, Frances and Elizabeth Moore, and Emily at a slumber party Friday night at Cedar Hill. Before slumbering (?) the group held an interesting study of the first chapter of Ephesians. A good sleep was lost by all -- including Mr. Rudd, an innocent neutral.

Wha-d-ya-know! Dot Moon came to see us long enough to say she is headed for U. T. this year. Incidentally, she fussed at us about the dirty crack in the last issue. Well, that's one way to bring them around, you know.

Three black widow spiders have been found on the campus in the last two weeks. All three met sudden death.

Miss Yaneey and the Dean enjoyed a brief call on Brother Top Brannon Tuesday morning. Unfortunately they were too late for the radio program.

Soapy, the Octagon cat, came through the gas attack safely when the Octagon was being fumigated. No doubt she will be there to welcome her college-boy friends when they return on the twentieth of next month.

Dr. Clark enjoyed a good night of rest on Bryan Hill, rising in time to see the sun come up over the distant Smokies.

GOING UP

NEWSETTE circulation jumps to around four hundred copies this issue. Boy, what a young lady she's getting to be! Had one request for copies from Dallas.

BUILDING REPORT

With the installation of twenty-six steel window frames, the whole appearance of the foundation is changed. The weeks of work that had been completed previous to the placing of the windows, though it took more time and labor, did not show to the casual on-looker that much had been done. In fact, it was necessary, almost, that one go under the foundation in order to realize just how much had been accomplished. But with the windows in--well, it looks like a continual financial report is showing His gracious care and goodness. At the close of the eighth week of work expenditures total approximately $733.00
and the balance in the building fund is $150.00.

Before we can hold classes in the basement floor it will be necessary that an additional investment of some two or three hundred dollars be made. Before we can move everything to the hill, we must invest approximately six hundred dollars additional. Yes, that means more money—money that we do not have.

We have begun a good work on a sound financial program. Everything has been paid for up to the minute. So long as we stay within God’s will, He will help us. However inaccessible the goal may seem; however far away the prize may be, let us not be discouraged. Rather, let us press toward the mark, daily looking to our Lord for help and direction.

If you have not given to the building program, why not do so right now?

WANTED

For the next NEWSSETTE we want a sermon—"a compressed sermon", as Ed calls it— from a ministerial student. May we request that it not be on the building program directly? Not over 300 words, please. Rush them in—first come, first served! Contributions of any nature are always welcome. Why not a poem from some one?

AUSTINS FETED

The Austins were given a farewell party Thursday evening of last week by the faculty and students. Due to rain, the plans for a picnic supper on the foundation were altered, and the affair was held in the Octagon. These present were Dr. and Mrs. Austin, Ruth, Hayden, and Allen; Austin, Prof. and Mrs. Rudd, Dr. and Mrs. McMurry, Dean Ryther, Dr. Burns, Miss Lusk, Miss Yancey, Rebecca, Emily, Mona, Ruby, and Willie. The Austins left for Knoxville early the following morning.

Except the Lord build the house they labor in vain that build it; unless the Lord keep the city, the watchman waketh but in vain. "Ps. 127:1
